

CHCSS00070 Assist Clients with Medication Skill Set

HLTAAP001 – Recognise healthy body systems
HLTHPS006 - Assist clients with medication

Enrol now and complete this skill set via a blend of interactive online learning modules, simulation activities, as well as online and workplace assessments.

This skill set develops the core knowledge and skills required by care or support workers to assist clients with medication, including physical assistance with medication and supporting clients with self-medication in accordance with the health/ support/ care plan and in line with jurisdictional requirements. Students are required to complete on-the-job practice and competency based assessments.

Government incentives may apply. Talk to us today!
