

IRT Macarthur Aged Care Centre

Everything you need to know about our community

1 Hyde Parade, Campbelltown NSW 2560

IRT Macarthur

Set in beautiful architecturally designed buildings, IRT Macarthur has been created to enhance the surrounding views and natural light at every turn.

With independent living apartments and over private care suites, this spacious community is perfect for those looking for contemporary living. Everything about IRT Macarthur has been designed to make residents as comfortable and welcome as possible.

The co-located retirement village and residential aged care centre offers a unique opportunity to remain as close to friends and family as possible whilst receiving personal and professional care. Residents are supported throughout their entire aged care journey.

IRT Macarthur is located between NSW's Park Central and Campbelltown CBD, with easy access to shops, cafes, restaurants, entertainment, and amenities. Surrounded by beautifully manicured gardens, our extensive facilities give you the option of being active and adventurous or staying as relaxed as you please.

There's always something interesting going on for you to get involved in at our community. Join in with a range of activities to suit your needs and interests or if you'd prefer some privacy, our landscaped gardens and quiet areas are also available.

Journey of Care

IRT applies an innovative approach to residential aged care. Our Journey of Care is a new model of care that personalises the care experience for every resident. We recognise that every care journey is unique and honour the individual diversity of each resident. Our specialised model of care ensures residents age in the right place with the right care needs within our aged care centres.

The IRT Journey of Care incorporates two key elements, neighbourhoods and specialist programs.

Neighbourhoods cater for residents with similar care needs, allowing for staff specialisation, and tailored design of the physical environment and

equipment. They allow families to see their loved one ageing in the right place with the right care needs.

Our specialist programs support resident wellbeing at each stage of their care journey. By working in partnership with leading Australian researchers and health experts, we enrich residents' quality of life, when they need it most.

The Namaste Program is a specialty program offered at selected IRT care centres, including IRT Macarthur. It is a unique sensory-based care experience where residents are cared for by trained staff in a purpose-designed room using therapeutic touch, aromatherapy, music and sensory experiences.

Specialised Dementia Care

We provide personalised dementia care with compassion. Our secure care environments and programs are co-designed with Dementia Training Australia and focus on resident wellbeing, community connections and research-based design.

The secure dementia care environments at IRT Macarthur enhance resident wellbeing by reducing unhelpful stimuli, increasing helpful stimuli and making it easier for staff to ensure resident safety.

Palliative Care

IRT Macarthur provides personalised palliative care with compassion, comfort and connection

when it's needed most. Our specialised palliative care program is founded on extensive experience in end of life care, taking care of your loved one's physical needs and supporting their emotional wellbeing as they face a life limiting illness.

Specially trained staff provide clinical care and

support family and friends who are invited to participate and spend quality time with their loved one. When a resident passes away, we offer a range of signature services to honour their memory, such as a guard of honour, memorial items and meaningful room signage.
